**WELSH FURNITURE 1250-1950 :**  
**A CULTURAL HISTORY OF CRAFTSMANSHIP AND DESIGN**

**BY RICHARD BEBB**

"Bebb challenges the view that country or provincial furniture is essentially derivative by suggesting that through the central part played by craftsmen, innovation can take place far away from metropolitan centres. This book is certain to become a classic reference book, providing essential reading not only for antiques dealers but also for historians in many fields, craftsmen, furniture designers, owners and collectors and all who are interested in Welsh culture."
